PROSPRETUS OF THE WEEKLY

The undersigned commenced, in the month of December last, the publication, in this city, of a weekly newspaper, called the National Republicant

a weekly newspaper, called the National Esquolicen.

It is printed on a large sheet, twenty-seven
by forty-two inches, and is furnished at the low
prices stated below.

It will contain all the original matter of the
daily National Esqubitions, with the exception
of local news not interesting to country sub
soribers.

It will give full reports of the proceedings of
Congress, and of the other departments of the
National Government.

It will contain all the news of the day, foreign
and domestic, markets, &c., &c., as well as an
original correspondence from all parts of the
country. The miscellaneous department will
receive special attention, and in all respects,
the effort will be made to establish the character of the National Republican as a Family
Newspaper.

sortioers to a Cuto should receive their papers at the same post office.

Money may be forwarded by mail, at our risk. Large amounts can be remitted in drafts on Boston, New York, Phila solphia, or Baltimore; smaller amounts in gold, or in notes of solvent banks. Address

Coltector.

S. R. LEWIE, R. D.

OFFICE No. 345 PERMETLYANIA AVENUE on Posith and Thirteeth Street, WARRINGTON CITY,

Respectfully tanders his professional services the public Having had an extensive practice in Philadelphia he fiels himself fully composure to discharge his data; he review as which may be presented to his care.

Dr. L. has second the right to use the new improvement, patented by Drs. A. M. & J. L. Anny, of Philadelphia, for fastening strifted to the togoid, silver plating pates; which produces the placifity of saliva or foreign materials seconding between them. It has been been sent to provide more from a few materials according between them. It has been been supported to the patient of the material, and of more utility to the patient, dispussing with the ordinary modes of fastening, by riveting or soldering, which so often causes the springing of plates, and consequently an imperfect adaptation to the mouth.

He would respectfully invite the public to his office to examine this improvement. To do so is to be convised of its superiority over all methods heretoforused.

The destal profession is also invited to call and

med.

The dental profession is also invited to call and examine its morits and utility.

Also, dentists can be furnished with teeth of all kinds, at a less price than they can be bought also where.
